

## PRESIDENTS REPORT 2020

Members,

I think all will agree that we have had the year from hell, but we have survived and even managed to turn a profit thanks to Ross and his team's consistent attention to detail.

My thanks to our crew of front-line workers who really are the face of Karuah RSL Club and of course the office team of Pam, Brenda, Eilish and Julie.

As this is written we are under threat from another outbreak of the dreaded Covid which we hope and pray does not lead to another lockdown.

To our Board of Directors, congratulations, you have steered the club through a most difficult time in a very professional manner.

The biggest thank you must go to the heart of Karuah RSL Club, you the members, who have endured a renovation, a lockdown and virtually having a medical examination each time you enter your club.

Thank you, members, from myself and the Board.

Peter Fidden  
President  
Karuah RSL Club
